

WM® PLANT TOURS:

The pre-meeting to the **MMPA's 47th Summer Business Meeting** will be a plant tour of several WM® member facilities. **East Coast Moulding Company, Stiles Machinery, Weinig USA** and **Woodeye North America** will all be participating.

East Coast Mouldings is the primary source for superior moulding profiles. Behind the craftsmanship of each profile is a strategic supply chain for the best resources, a manufacturing process that combines time-honored woodworking with digital technology and a distribution system that is both reliable and efficient.

TOTAL PRODUCTION SOLUTIONS, these three words define how **Stiles Machinery** fulfills their promise to make your business a success. Everyone wants the best solution to a problem, the best solution for an operation. But there are a lot of ways to get there. By having a wealth of solutions, whether defined as people, products or services, **Stiles Machinery** merges the best thinking, the best ideas and the best products in a solution that works best for you. For your production operation to run smoothly and at peak efficiency you need ongoing support and service and that's where **Stiles Machinery** truly shines. So come tour Stiles and see the latest in advance technology for your TOTAL PRODUCTION SOLUTION.

Weinig USA is your partner for the future. You can concentrate on your business and let **Weinig USA** do everything else! **Weinig USA** is not only the leading manufacturer for the solid wood processing industry; also industry leaders in technology and ideas! **Weinig USA** offers comprehensive services and system solutions – all the way to complete turnkey production plants – making **Weinig USA** the all-around ideal partner where the focus is always on flexible, profitable production.

See the latest machine vision technology from **WoodEye North America** displayed during the Stiles Machinery tour. **Woodeye North America** will be part of the tour and on hand to answer your questions. Want to know what this technology can do for your operation? Or interested in using your existing equipment together with the latest scanning technology? Now is your opportunity to ask the experts. As your partner **Woodeye North America** understands the way you work and talks your “language”. You will be given access to an advanced and highly developed system that passed the developmental stage a long time ago.
